KodeSphere v2.0

Get ready for an exciting comeback as Konnexions presents KodeSphere 2.0 on April 6th, 2025. Explore a thrilling tech event filled with the latest advancements in web development, app creation, and machine learning. It's designed for all skill levels, from beginners to experienced tech enthusiasts.

Konnexweb

In the modern world, businesses struggle to go online, limiting growth and reach. Konnexweb challenges you to develop a real-world web solution that helps a company establish its digital presence using a provided brand kit. Use your web development skills to build a platform that enhances visibility, engagement, and accessibility.

Kognizance

Kognizance – The AI Chat App Development Event is throwing down the gauntlet! This is your chance to develop a next-gen AI chat app using any Large Language Model (LLM) API. Leverage free resources like the Gemini API to create an intelligent, responsive, and engaging chat experience that empowers users.

Kernel Kombat

This Machine Learning track challenges you to harness cutting-edge ML techniques to solve real-world problems across diverse domains. From machine learning applications in e-commerce to predictive analytics, you'll have the opportunity to showcase your data science prowess and analytical thinking. Put your ML skills to the test as you optimize key performance metrics, develop predictive models, and extract actionable insights from complex datasets.

Event Highlights

1. KodeSphere is open to everyone, no matter your skill level.
2. The event is divided into two parts with a break in between. All participants need to be there for both parts.
3. KodeSphere not only tests your skills but also improves them with an informative workshop to boost your coding knowledge.
4. Participants have the chance to win cash prizes and exciting goodies worth up to 27,000 rupees, and all participants will receive certificates.

5. Participants will have multiple chances to win goodies and giveaways, like merchandise and food items.
6. A certificate will be given to those who complete both phases of the event.

Registration Rules for Participants:

1. Each team must consist of a minimum of 2 and a maximum of 3 participants; teams outside this range will not be permitted.
2. All participants are required to register using their KIIT email ID to confirm their affiliation with KIIT.
3. Upon completing registration, each participant will receive a Unique ID for identification throughout the event, which should be kept safe.
4. Participants are only allowed to be part of one team; being on multiple teams can lead to disqualification for all involved teams.
5. The event is structured in two phases, and participants need to attend both to be considered for any awards.
6. Not attending both phases means you won't be eligible for the final ID card or participation certificates.
7. Participants who fully comply with all rules and attend both phases will be awarded a completion certificate.
8. Not following the rules can result in immediate disqualification from the event.
